Premise

Six friends—Brad, Bobby, Yuki, Linda, Zoso, and Beck—navigate the absurdities of adulthood, relationships, careers, and everyday life.

With three different living arrangements, contrasting personalities, and a nightclub serving as their regular gathering place, their ordinary lives frequently spiral into extraordinary misunderstandings, ridiculous situations, and unexpected adventures.

Between disastrous job interviews, complicated romances, questionable decisions, and the occasional existential crisis, these friends discover that growing older doesn't necessarily mean growing up.

Got to Be Real is an ensemble sitcom about friendship, individuality, and the comedy of being human in a world where almost nothing goes according to plan.
